

## Maths

In Maths the children will be investigating grouping and sharing, repeating patterns and identifying patterns in number such as odds and evens and doubles.

## Science

In science the children will be investigating and exploring animals and comparing different environments.

## PE

This term the children will be developing their skills in games. Thinking about how to work together through the themes of countries and places in the world.

## PSHE

Our Jigsaw theme this half term is 'Changing Me'. The children will be thinking about their year in Reception and learning how to cope positively with change.

## English

### Books

#### **Zonia's Rainforest, Beegu, Poles Apart**

The children will be writing lists, postcards and describing different places in the world.

We will be continuing to work on letter formation and the reading and writing of CVC words and 'tricky' words.

In phonics the children will continue to consolidate the sounds that they already know and start to learn many new digraphs (2 letters, one sound) and trigraphs (3 letters, one sound).

## History/Geography

The children will be finding out about and comparing different places in the world including the local area. They will be investigating and making simple maps.

## RE

The children will be exploring the bible, reading bible stories and discussing why this is a special book for Christians.

They will be listening to and discussing the story of the lost sheep.

# Reception Summer Term Our Big Wide World

## Art/DT

The children will be creating Aboriginal art, making sea creatures using different materials and creating temporary art both on the beach and back at school.

## Music

Our theme for music this half term is 'Reflect, rewind and replay'.

The children will continue to listen and respond to different music genres, identify the pulse and rhythm and learn to sing new songs.
