

Maths

This half term we will learn about position and direction, including turns. We will then look at place value up to and across 100. To complete our year one maths curriculum we will study time and money.

Science

Plants

To conclude our science studies we will be looking at plants. We will find out about the different parts they have as well as identifying some common plants in the UK. As part of our topic we will visit the Wilderness Foundation in Chatham Green.

PSHE

Changing Me

This unit will help us to understand that we all grow and change, as well as recognising the names of different parts of the body.

Sports Day 12th June

Trip to Chatham Green 6th/7th July

French

This half term we will expand our French vocabulary by learning animal names and singing 'Old MacDonald'.

English

The secret sky garden by Linda Sarah

This heartwarming story will help us to think about the importance of friendships. We will develop our sentence skills helping us to write our own friendship story.

Claude in the city by Alex T Smith

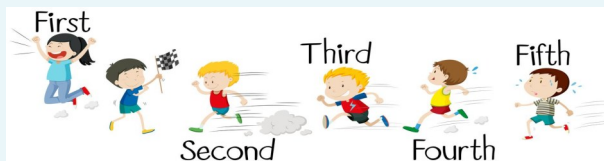

In our final text of the year we will follow Claude around, watching his adventures before writing our own Claude story in an alternative setting.

Year 1 Summer 2
How does my garden grow?

PE

Robins and Owls will practise different athletic skills.

Kestrels and Woodpeckers will learn how to cooperate as a team in various games.

Computing

In this showcase unit, we will use a graphic design tool to make our own rocket.

DT

In this hands-on unit we will be practising a running stitch on fabric. We will then follow a flower design to sew our own bookmark.

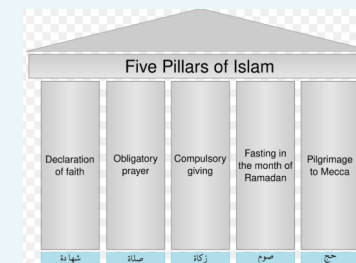

RE

Our big question for RE this half term is 'How do Muslims express their faith?'

As part of this we will discuss the importance of the 5 pillars and what they represent.

We will also learn about the basic good manners which are taught in the Islamic religion.

Music

Explore sounds and create a soundscape

We will enjoy creating our own sound effects as well as exploring percussion sounds to enhance story telling.
